

# General information

## General

Technical Identification Trainings are held in Europe, USA and Asia. All are in English language. We provide a good mixture of theoretical basics and practical exercises for system-design and application engineers in the identification business.

Personal Notebook-Computers with administration rights are recommended– but not absolutely required.

## Registration

A REGISTRATION FORM (available at page 22) should be sent to your local NXP Sales Contact at least two weeks in advance. Registration is done by incoming order.

The registration becomes valid after written confirmation by NXP Semiconductors Austria GmbH and requires a signed NDA – NON DISCLOSURE AGREEMENT.

## Fee & Payment

NXP charges a regionally fixed fee per training day and person. Refreshments, lunch, full documentation and SW / libraries are included. Payment is expected in Euro (€) or US-Dollar (\$).

Please contact the appropriate contact person for seminar fees, payment procedures and location details.

## Local contacts

### EUROPE & US
